

Global Strategic Alliance Forged Between Watercloud and Farohar – Introducing WAFEnity™

Singapore - 17th April 2025 - Watercloud International (Singapore) Pte. Ltd. and Farohar Energy Pte. Ltd. have officially entered into a global strategic partnership, combining their technological excellence and visionary leadership to launch **WAFEnity™** – a world-class digital infrastructure brand built for the future.

This strategic collaboration unites Watercloud's cutting-edge **Hive678™ Data Infrastructure** and Honeycomb AI Clusters with Farohar's industrial deep-tech and ESG transformation capabilities, creating a unified platform that delivers unmatched performance, sustainability, and enterprise value.

Key integrated technologies:

- **Cyber678™** – a next-generation cybersecurity backbone for resilient, real-time digital protection.
- **Digital678™** – a full-stack smart platform for digital transformation, ESG compliance, and high-efficiency operations across critical sectors.

WAFEnity™ will serve as the top-tier solutions provider for AI, defence, aviation, energy, marine, logistics, government, and smart city ecosystems, offering:

- ESG-compliant sovereign cloud and green data services
- Hydrogen-integrated high-performance computing (HPC) environments
- AI-driven analytics and secure compute-as-a-service
- Carbon-neutral infrastructure and offset platforms

Leveraging the collective R&D, operational intelligence, and digital frameworks from www.watercloud1.com and www.faroharltd.com, **WAFEnity™** is positioned to lead the digital industrial revolution with full-spectrum support from Singapore to global markets.

"This partnership marks a transformational leap. **WAFEnity™** is more than a brand – it's a global standard for sustainable innovation, trusted data infrastructure, and digital independence," said Leonard Melvin Fernando, CEO of Watercloud.

"At Farohar, our mission is to industrialise ESG. This alliance allows us to build sovereign-grade platforms that are smart, secure, and sustainable," added the Board of Farohar Energy Pte. Ltd.

WAFEnity™ – Powering the ESG-Driven Digital Era.
Cyber-secured. Hydrogen-fueled. Carbon-verified.
